TO ADVERTISERS!!!

THE Subscriber would call the attention of the Business community to the advantages to be derived from inserting their Cards in the following works. They are not surpassed in *quality, quantity, or utility*, by any other Advertising mediums in the country.

The Official Illustrated Record

OF THE

EXHIBITION OF THE INDUSTRY OF ALL NATIONS, AT NEW-YORK.

To be published weekly, by Messrs. G. P. PUTNAM & CO., under contract with the Association, and to be printed in the Crystal Palace.

It will be the *only official* record of the Exhibition, and thus the medium of communication not only between the Directors and the Exhibitors, but between the Exhibitors and the Citizens of every civilized Nation on the Globe, who feel the slightest interest in the advancement of SCIENCE and ART. In fact, the *official character, elegant style, practical value and large circulation* of this publication, render it ALTOGETHER UNEQUALLED as an advertising medium.

PUTNAM'S MONTHLY MAGAZINE.

For Publishers, the Fine Arts, or any description of fancy goods, it is unequalled. All communications in regard to advertising must be addressed to the Subscriber.

The Sixth Avenue Cars!!!

But what have they to do with advertising? the reader will exclaim.

Pay a visit to the cars and you will see.—But I will explain:—

Over each window is a panel, as also at each end over the doors; in each of those panels is placed a large and beautiful card, got up for this purpose, of such business houses as choose to avail themselves of this *novel and magnificent* method of advertising.

These cars being the principal means of communication with the *Crystal Palace*, will, of course, carry millions of passengers during the year, all of whom will see and read those cards.

The fact that they are to be put there requires only to be known to get them, as the value of such an advertisement is easily perceived.

TROW'S NEW-YORK CITY DIRECTORY.

The Directory of the city, as testified to by almost every paper in the city, and all who have taken the trouble to compare the different books.

Manufacturers, Importers, Commission Merchants, and the wholesale trade generally, could not adopt a better means of making their *location, business, &c. &c.* known to their friends and the public.

Wilson's New-York Business Directory.

This is acknowledged by all to be the *Business Man's Guide Book*; it is known throughout the whole length and breadth of our country, and but few persons visit our city on business without consulting its pages. By referring to its advertising pages, it will be seen that numbers of the *best houses* in the city take advantage of it to invite custom.

The Subscriber is also agent for various other publications.

THE GREAT QUESTION SETTLED!!

SEWING BY MACHINERY, ONCE DEEMED IMPOSSIBLE, IS NOW AN ESTABLISHED FACT.

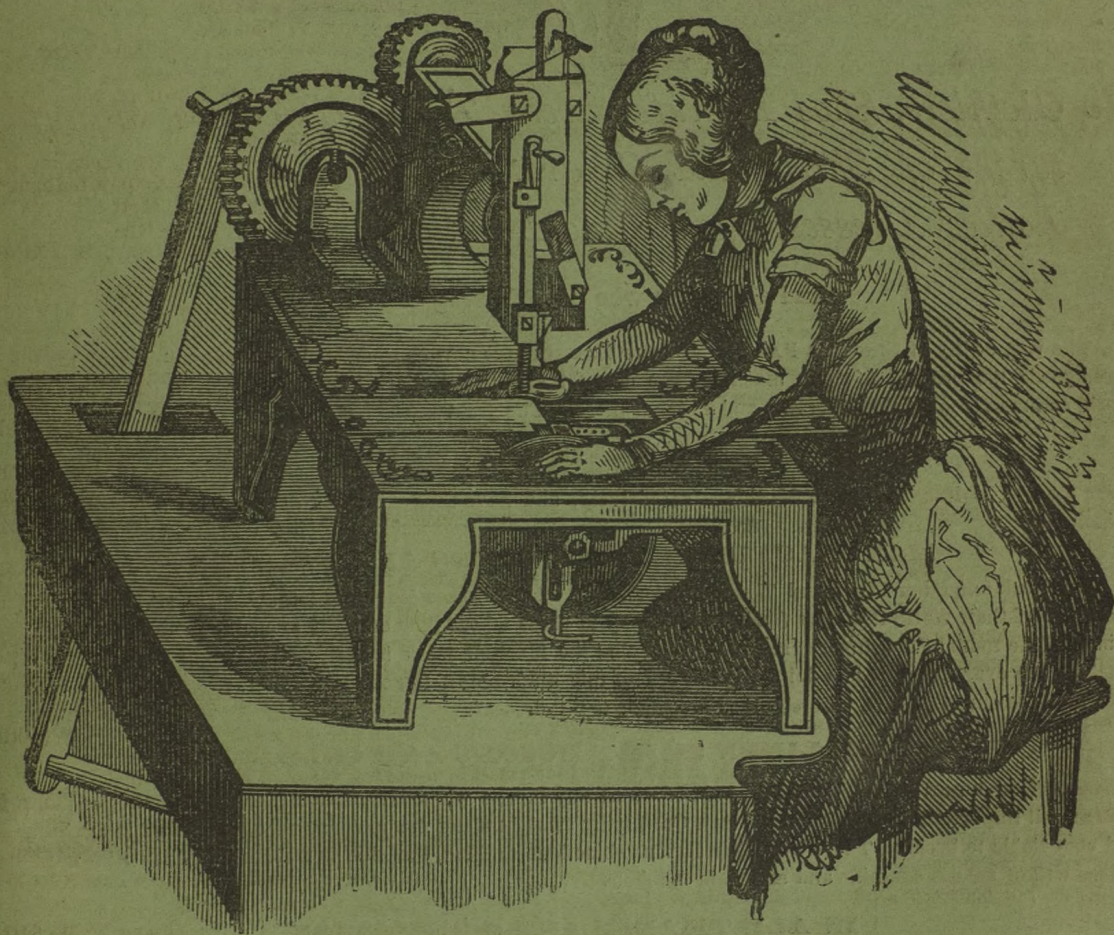

Seven Gold and Silver Medals awarded at public Fairs in different States, to

I. M. SINGER,

FOR THE BEST

SEWING MACHINE,

Prove conclusively the immense superiority of this Labor-saving Instrument.

SINGER'S PATENT

Straight Needle, Perpendicular Action

SEWING MACHINE,

Secured by two distinct Patents in the U. S.

Has been extensively introduced into use for Sewing all kinds of materials, with perfect success, and surprising profit. **\$7,000 SECURELY INVESTED AT SEVEN PER CENT.** will not produce an income equal to one of these little Machines. Few things are to be seen so curious—none so useful. Citizens and strangers feeling any interest in the subject, whether desiring to purchase or not, are invited to call and examine these Machines in operation and inspect their unrivalled work at our **PRINCIPAL OFFICE,**

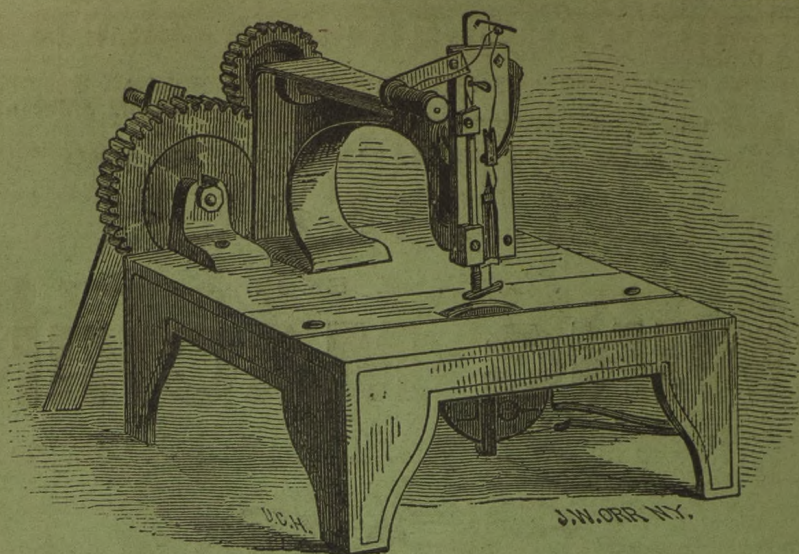

No. 323 Broadway, New-York.

I. M. SINGER & CO.

To Clothiers, Shoe Manufacturers, Tailors, Saddlers, Manufacturers of Shirts and Collars, Mittens and Gloves, Corsets, Ladies' Dresses, Cloaks and Mantillas,

And all others who have Sewing to be done.

The vast utility of SINGER'S PATENT SEWING MACHINES is now conceded. Immense quantities of manufactured goods, the product of these machines, are now for sale in the market, and the superior excellence of the work, commands for it a quicker sale and a higher price. The great

SHOE MANUFACTURERS

were the first to introduce these Machines extensively, and have thus secured most weighty advantages. The principal

MANUFACTURING CLOTHIERS AND TAILORS

of New-York and other Cities and Towns have already adopted these Machines largely, and are so convinced of the value of their work, that they freely loan Money to those whom they employ, to enable them to purchase Machines. The mass of consumers are fast learning that the Machine-work is best, *and they will have it.* No other Machine has ever succeeded in doing Fine Work of any kind. Most IMPORTANT IMPROVEMENTS have recently been made in our Machines, whereby they are made to Stitch

FINE LINEN SHIRT BOSOMS AND COLLARS

with a perfection and beauty never attained before by any means whatever. Other Machines offered for this purpose are all imperfect, as they leave a rough Cord lying straight along the under surface, unfinished in appearance and very liable to break. There are other serious objections to them, but this is sufficient. They who want Machines will of course examine and ascertain the facts.

IN ALL TRADES AND OCCUPATIONS

in which Sewing is to be done, these Machines are and may be used to great advantage, and will afford a clear profit upon each Machine of at least \$500 a year—on some kinds of work much more.

Distinct directions for using and keeping the Machines in order are always furnished. Price of the Machines, complete for use, \$125.

N. B.—In consequence of the great advance in Rents, Materials, and Labor, the price of our Machines must soon be raised, and will be as soon as our Customers can be fully notified of it. Therefore, now is the time to purchase. These admirable Machines may at all times be seen in operation, and their Unequalled Work be examined at our

ÆOLIAN PIANOS, MELODEONS, GUITARS, AND MUSIC.

HORACE WATERS,

333 BROADWAY, CORNER OF ANTHONY STREET,

Publisher and Dealer in Sheet Music, Musical Works and Instruments of all kinds. Exclusive Agent for the sale of T. GILBERT & Co.'s celebrated Piano Fortes, both *with* and *without* the much admired Æolian; also for their Boudoir, or Cottage Pianos, for small rooms.— These Pianos are warranted to stand any climate. T. G. & Co. are the owners of the Æolian Patent Right, and are prepared to furnish a more perfect instrument, and at a lower price than at any other house. Nearly 2,000 Æolians have been applied within the last eight years, and the demand is rapidly increasing. They are now applying ten Æolians a week. T. G. & Co. have recently got up a new curved scale, which, for smoothness, depth and power, challenges competition. One great point of superiority which these instruments possess of all others, is their firmness and long standing in tune. H. W. is also exclusive agent for the sale of

SMITH'S SUPERIOR MELODEONS.

for CHURCH and PARLOR use, which, for evenness of temperament and correct intonation, are acknowledged *superior* to any now manufactured, differing from those of Cahart's and many others, which are tuned with an uneven temperament. Also, agent for

MARTIN'S justly celebrated GUITARS.

Dealers, and the trade generally, supplied at a liberal discount. PRICES SAME AS AT THE MANUFACTORY, AT WHOLESALE OR RETAIL.

HORACE WATERS,

333 Broadway, Corner of Anthony Street.

N.B.—There being another GILBERT, manufacturer of Pianos, we would remind the Public that ours is the old-established house. Our Piano Fortes will never be found in an *Auction Room*, except when a family owning one are about to leave the city, or under some such circumstances. Persons seeing new Piano Fortes, called GILBERT's, at auction, may be assured that they are not the instruments manufactured by T. Gilbert & Co.

TESTIMONIALS.

(From the Evening Post.)

NEW MUSIC EMPORIUM.—Mr Horace Walters, the agent for the sale of Gilbert & Co.'s *Æolian* Pianos, has, in consequence of increased business, been compelled greatly to extend his establishment. He has accordingly leased the most of the building No. 333 Broadway, where he was before stationed, and fitted it up in a style of much splendor; so that, with its handsome carpets, mirrors and valuable paintings, it presents an attractive object to those even who have no business inducements to enter it. From Mr. Waters' extensive arrangements with American and foreign composers, his stock of music will probably be unsurpassed, while his supply of pianos, melodeons, guitars and other instruments, completely answers to one's idea of the pattern music emporium.

The Editor of the *New York Evangelist*, who has owned one for nine years, thus speaks of them:—

T. GILBERT & Co.'s *ÆOLIAN PIANO FORTES*.—Long familiarity with these instruments enables us to speak with a degree of confidence that we could not otherwise claim, respecting their great merit, and the beauty and adaptedness of the *Æolian* attachment to some of the best purposes which a musical instrument serves in a Christian family. The instruments are very firmly built, requiring less tuning than any others we know of, and possess remarkable sweetness and purity of tone. Within a few years, great improvements have been made in their manufacture, by which a much stronger and more brilliant tone is secured. In point of depth and volume, as well as in evenness of tone, throughout the entire register, and elasticity of touch, we know not whose manufacture is superior to Gilbert's. Those who have never tried them will be surprised to find such attainments made. The *Æolian* is soft and delicate, and as well adapted for the voice and for sacred music as for the organ itself. In these, also, Mr. Gilbert has been making marked improvements within a few years, so that a delightful delicacy and purity of tone has been secured. We are glad to find them beginning to be so well appreciated. This house has applied about two thousand *Æolians* in the last eight years. They are now applying ten a week, and are unable to supply the demand. They are furnished at the Wareroom, at the same prices as at the Manufactory, and the buyer may feel assured of fair dealing and upright treatment.

MESSRS. T. GILBERT & Co.

Gentlemen:—In reply to your request, I most cheerfully state that I have used in my family one of your *Æolian Piano Fortes* for about six years. We are highly pleased with the instrument, and most cheerfully recommend it to any one wishing an instrument of the kind. We have not found it to require more attention to keep it in tune than the common Piano, of which we have one in use in the family, and in use about equally with the *Æolian*.

RICHARD BIGELOW, 7 East 14th Street.

Having used one of the *Æolian Piano Fortes* of T. Gilbert & Co.'s manufacture, for nearly five years, I cheerfully coincide in the above.

T. BAXTER, Clinton Avenue, Brooklyn.

SELPHO'S
First Premium Anglesey Leg,

Introduced into the country, and made solely by WM. SELPHO, 24 Spring Street, New-York. This description of Artificial Leg derives its name from the celebrated Marquis of Anglesey, who lost his leg in the battle of Waterloo, by whom it has been adopted and worn ever since its first invention by the late ingenious Mr. Potts, of London, to whom the present artist was eleven years a pupil and assistant.

"I have seen the artificial Leg of Mr. Selpho; its construction appears excellent, and well calculated to answer all the objects desired. But the best of all is the proof of those who wear them; this is positive and undeniable.
V. MOTT, Professor of Surgery, University of N. Y."

ALSO,

SELPHO'S ARTIFICIAL HAND,

an entirely new and useful substitute for a lost hand, so arranged that the wearer can open and shut the hand by means of the remaining stump.

W. S. will give further information by application, or by letter, post paid.

BANKS IN THE CITY OF NEW-YORK.

BANK RULES.

The banks are open every day in the year, from 10 A. M. to 3 P. M., except Sundays, Christmas Day, New Year's Day, the 4th of July, and general Holidays, appointed by legal authority.

The interest for discount in the banks of this city (with the exception of those which are privileged to charge seven per cent.) is fixed at six per cent. per annum, upon notes or bills not having 60 days to run. Three days of grace are allowed, and the discount taken for the same.

Every bill or note offered for discount must be delivered into the office on the

day preceding the day of discount, inclosed in a sealed cover directed to the Cashier, advising the name of the person upon whose account it is offered, &c.

Bills or notes lodged at the banks for collection, are collected free of expense, except when protested for non-payment—the person lodging the same pays the charge of protest.

Deposits of money, or notes for collection, must be entered in the dealer's book at the time such deposit is made.

WILSON'S

STREET AND AVENUE DIRECTORY

OF THE

CITY OF NEW-YORK.

(Corrected April 15, 1853.)

Entered, according to Act of Congress, in the year 1853, by H. WILSON and JOHN F. TROW, in the Clerk's Office of the District Court of the United States, for the Southern District of New-York.

EXPLANATION.

If you wish to find the location of any dwelling-house or store,—for instance, No. 80 Allen-street,—on consulting the Street Directory, you will observe that 68 Allen is on the right hand of that street and on the corner of Grand, and 88 Allen is on the right-hand corner of Broome: hence the desired number, 80 Allen, will be on the right-hand side of Allen-street, between Grand and Broome.

Or suppose that you are going up Broadway and wish to take a cross street, so as to call at 128 Bowery: on examination [see Bowery] of the corner numbers in the Bowery, you will observe that 127 Bowery is on the corner of the Bowery and Grand:—hence, by passing from Broadway through *Grand-street* to the Bowery, you are opposite to the desired number, 128.

NOTE—The streets above Twelfth-street are divided by Fifth Avenue into East and West,—as East Thirteenth, West Thirteenth,—Eleventh-street is divided by Broadway into East and West, and Twelfth by Gansevoort,—and the streets located as above described will be found, therefore, in this work, under East and West.
